

They Came to Stay

Harry Harrison (seated, center), 28, an ex-paratrooper, explains to Policeman Carmine Caruso (left) why he, his wife, Nina, 25, and their daughter, Judy, two, set up light housekeeping in a tent exhibit at a textile show in New York City. Harrison says the family crowded into four rooms with six in-laws for 13 months. When they saw the tent on exhibit they liked it better and moved in. Now he says, they'll stay until they find an apartment. (NEA Telephoto).

Mrs. Zaharias Is Anglo Golf Victor

Denver Woman Is First American to Take Woman's Title

Gullane, Scotland, June 12 (AP)—Mrs. Babe Didrikson Zaharias of Denver, became the first American ever to win the British women's amateur golf title today by defeating Jacqueline Gordon of London, 5 and 4, in the 36-hole final.

Held even during the morning's 15 hole round while she was dressed in gray culottes and a yellow sweater, Mrs. Zaharias switched to her battle dress of blue corduroy slacks at the lunch hour and quickly won a five on advantage in the first six holes of the afternoon. She was out in 36 as compared to women's par of 35, blasting an eagle three on the 20th hole.

The Denver girl's triumph, fulfilled the worst fears of the British, who now do not retain a single one of their own golf titles on their side of the ocean. Only two weeks ago Willie Turnesa of New York city, won their men's amateur crown in a final duel with Dick Chapman of Pinehurst, N. C.

She won the British Open crown a year ago but will not return to defend his laurels next month.

Outdrive Opponents

Mrs. Zaharias, winner of 15 straight tournaments in the United States before she came here for the "only major title I have left to win," consistently outdrive her opponents all through the tournament but yesterday when she met Jean Donald of Scotland, who almost equaled her tee shots, she called on her putter to triumph.

This morning the native Texan was held even in the first 18 holes by the surprising Miss Gordon, a virtual unknown who learned golf from Henry Cotton, former British open champion.

It was during this tour over the trap-infested East Lothian course, hard by the Firth of Forth that the Babe was afflicted in culottes—a pinkish dress of grey flannel—and wore a yellow sweater over her white blouse because her lucky, sky-blue slacks were "filthy."

During the lunch hour, which was extended 15 minutes to give the contestants more rest, she changed to slacks again and immediately won five of the first six holes.

Miss Gordon playing conservatively but determinedly during the morning, seemed to falter after the first two holes of the final 18. The course was packed for the final two rounds and the word heard most often was "phenomenal" as the Scots watched the second American over to gain the payoff round and the crown.

Otis Is Discharged By Bush on Arson

Kenneth Otis, Sr., of Prospect street, Kingston, was discharged last evening by Justice of the Peace Percy Bush of the town of Ulster and a first degree arson charge dismissed for lack of evidence. Otis was arrested last week by State Police, the complaint charging arson growing out of a fire in an Albany avenue extension home about a year ago.

On arraignment Mr. Otis demanded a hearing and that was set down for last evening. William A. Knecher appeared for Otis and Charles Gaffney for the People. Following the preliminary hearing Otis was discharged and bail in the sum of \$10,000 which had been fixed by Supreme Court Justice Elsworth on Friday was exonerated.

Hearings to Start On Reds' Invasion Of Unions June 23

Un-American Activities Committee Will Send Observers to Talk by Wallace

Washington, June 12 (AP)—The House Committee on Un-American Activities decided today to start hearings June 23 on what Chairman J. Parnell Thomas (R-N.J.), described as "infiltration of Communists into labor unions."

Witnesses, Thomas announced, will be members of the C.I.O. Electrical Workers Union from Bridgeport, Conn., Schenectady, N. Y., and New York city.

Thomas announced also that the committee unanimously approved a report on the Southern Conference for Human Welfare which will be released to newspapers for publication Sunday.

The committee plans to send several observers to a meeting here Monday, sponsored by the conference, at which Henry A. Wallace will speak.

The committee in 1944 had reported the Southern Conference was a Communist front organization.

Thomas also announced: "Upon recommendation of a subcommittee on Fascism, 'there will be instituted an all-inclusive program of investigations and hearings on Fascism.' Dates have not been set. Additional members will be added to the committee staff to help on the inquiry."

Victor Kravchenko, former Russian army officer who worked for the Soviet Purchasing Commission in New York, will be heard by the committee on June 26.

Thomas said Kravchenko will "tell us how Communism operates in Russia and what we can expect here under Communism. Kravchenko gave up his job with the Russian government and wrote a book called 'I Chose Freedom.'"

The committee, Thomas said, did not have time to act on a subcommittee report recommending a full investigation of a charge of Communist infiltration in a C.I.O. union at the R. J. Reynolds Tobacco Company at Winston-Salem, N. C.

Thomas said the forthcoming report on the Southern Conference lists Wallace as an "advisory associate" of the conference.

Advance in Beef Prices Brings Charges by Butchers

Chicago, June 12 (AP)—The hawling steer and the grunting hog jumped back again into the public spotlight today and there were innumerable charges and counter charges in explanation for the sudden boost in meat prices in livestock markets and in butcher shops.

Average price of steers and yearlings at Chicago yesterday rose to an all-time record high at approximately \$26 a hundred pounds according to the Department of Agriculture. This topped the peak of \$25.40 established last October immediately after O.P.A. ceilings were removed. For the first time since March 5 the top reached \$30.

Live hogs have not advanced as sharply as beef cattle, the top here yesterday being \$24.75 a hundred pounds compared with \$30 on February 23.

Cattle receipts at Kansas City yesterday, the largest for June 12 in 25 years, advanced to the best price since January.

While the price for top grade cattle is lower, the department said steers of medium and low grades are higher than last October. A smaller percentage of strictly good and choice cattle are arriving and the price spread between various grades is narrowing.

Meanwhile, retail meat prices also advanced during the past several weeks and representatives of butchers in the east blamed the meat packers. In Newark, N. J., butchers threatened to close shop unless prices come down.

The butchers are helpless and are getting so fed up they're ready to take a vacation," Joseph Vian, president of the Retail Butchers Association of New Jersey, said.

Testimony Shows No Wind Shift on Day Plane Crashed

Engines Not 'Cut' Says One Observer; Craft Smoked Before It Hit Says Other

New York, June 12 (AP)—George M. French, Civil Aeronautics Board meteorologist, testified today at a C.A.B. hearing into the crash of a United Airlines DC-4 plane at LaGuardia Field May 29 with a loss of 42 lives that there was no wind at the time of take-off.

Earlier investigations by the airline and the C.A.B. had attributed the crash, which occurred as the plane took off, to an unexpected shift in wind.

In reply to questions by an investigator, French said, "There was no wind shift at the time of the attempted take-off."

French testified his investigations disclosed that a squall line was one mile west of the runway used by the plane at the time the plane attempted to rise into the air.

A statement from the pilot, Benton Baldwin, read at yesterday's opening session of the hearing, said he had full take-off power but that between 2,000 and 2,500 feet down the runway he realized the ship could not get off the ground.

Baldwin's statement said he then called to his co-pilot to cut the engines, meaning applying full brakes in an effort to ground-loop the big DC-4 ship.

The 32-year-old pilot said he saw the co-pilot reach with his left hand, but that he was not certain whether he cut the throttle or switched. The plane crashed through a fence into a ditch and burned.

Bennett Sends Story to Spaulding

District Superintendent Says Article Points Up His Personal Views

Woodstock, June 12—District Superintendent of Schools Reginald R. Bennett, of Chichester, today released to The Freeman the text of a telegram he sent today to State Education Commissioner Francis Spaulding, Albany.

Superintendent Bennett, one of the central figures in the dispute between Woodstock opponents of school centralization with Olive and Spaulding, cited The Freeman for its "true account" of his position.

Supervisor Kenneth Wilson of Woodstock said today he had received no reply to his telegram of Monday to Commissioner Spaulding in which he said his official position gave him no jurisdiction over school affairs. In the telegram Supervisor Wilson suggested the commissioner obtain the views of Woodstock districts by taking a vote.

Supervisor Wilson said no reply had been received from the letter addressed to the commissioner by the township school districts' trustees, so far as he knew. The letter asked the exclusion of the entire township from the three-town centralization plan.

Other sources indicated today that in addition to Woodstock

Officials Expect U. S. to Carry Case to U.N. in Way to Spotlight Soviet Actions Throughout Balkans

Washington, June 12 (AP)—Diplomatic authorities freely predicted today that Russia will either reject outright or try to hamstring the American demand for a Big Three inquiry into the Communist grab in Hungary.

In either event, these officials declared, the United States in all probability will carry the case to the United Nations—perhaps in some manner designed to focus the spotlight on Soviet activities all through the Balkans.

This country laid the foundation for such an appeal last night

when it made public a blistering protest charging Moscow with "flagrant interference" in Hungarian affairs and demanding a three-power investigation of political conditions in Hungary "as a matter of urgency."

The note was sent to Brig. Gen. George H. Weems, American member of the Allied Control Commission in Budapest, for delivery to Lt. Gen. V. P. Sviridov, ranking Soviet member and acting chairman of the Commission.

Weems had the note delivered at Sviridov's office before noon. It was received by Maj. Gen. I. I. Levushkin, aide to the Soviet general, a Budapest dispatch said.

The document brought out the fact that on two previous occasions, March 5 and March 17, had been turned down by Sviridov. Hence authorities here said they see no reason to believe that it would get a different reception by the Russians this time.

The note itself said simply that unless there were an "adequate investigation" by an Anglo-American-Russian Commission, the United States—as a signer of the Yalta Declaration—and the alliance with Hungary and as a member of the United Nations—would consider "further action."

Might Agree Formally

Because this virtually put Russia on notice of an impending appeal to the U. N., some officials said the Soviets might agree formally to a three-power inquiry but then try to put roadblocks in the commission's path.

This government is in no mood for any such stalling tactics, they added.

The speculation that the case—if it is carried to the U. N.—would not be confined to Hungary alone gained weight when the State Department lashed out at recent developments in Soviet-dominated Bulgaria just before it made public the Hungarian protest note.

A department press release yesterday denounced as "arbitrary" the arrest of Nicola Petkov, member of the Bulgarian Parliament and strongest anti-Communist leader in the country.

While the American statement threatened no action in this case, it asserted that when Petkov is brought to trial on charges of conspiring with subversive elements to overthrow the government, the Communist government in Bulgaria also will be on trial both before its own people and "in the opinion of all freedom supporters."

Capital Says Dewey Trip Is Designed to Get Votes

By JACK BELL
Associated Press Political Reporter

Washington, June 12 (AP)—Gov. Thomas E. Dewey's scheduled invasion of the west stirred fresh speculation in Washington today of a possible stop-Dewey drive among other prospective candidates for the 1948 Republican presidential nomination.

The New York governor's July trip to scenic points behind the Mississippi is frankly regarded among Republican politicians here as more of a vote-seeking trip than the sight-seeing tour it has been labeled in Albany dispatches.

White Dewey has said he is taking his family along and making no speeches, friends of the 1944 nominee haven't tried to deny that he plans to meet about as many local Republican leaders as want to see him.

He will make a stop in Salt Lake City for the annual govern-

Sugar Rationing Is Ended; Throw Away Your Ration Books

Price Controls Retained on Sugar; Anderson Beats Congress by Action

Washington, June 12 (AP)—The last war-imposed coupon control over the American public vanished today, as sugar rationing for home, restaurant and hotel use ended at midnight.

After five years in which ration stamps meant more than money—when it came to meat, canned goods, shoes, tires, gasoline and a host of other things—individual Americans are free of coupon worries for the first time since April 28, 1942.

The last ration book can be thrown away.

However, sugar price controls remain. So does rationing of industrial sugar. But these two curbs are scheduled to end October 31.

Secretary of Agriculture Anderson ordered the sugar ration and late yesterday, thus beating the Republican-controlled Congress to the draw. The House had set for a vote today a bill calling for an immediate end to household sugar rationing.

A Republican spokesman indicated Congress would go ahead with the bill to make sure no return to controls could be ordered. Anderson said he had acted because larger quantities of sugar are available. Asked by a reporter whether the pending congressional move influenced his action, he said: "A better way to put it would be: Did Congress hurry it because it knew this action was coming?"

Sugar was the first food rationed and the last freed from coupon control.

Anderson gave three specific reasons for his action: 1. The international Emergency Food Council allotted the United States an extra 350,000 tons from the world sugar pool; 2. Cuba has a sugar surplus which is expected to ease demands from other parts of the world; and 3. Some 200,000 tons of Javanese sugar will be offered to world users immediately.

Another Battle Over Veto Is Sidetracked; Those Who Heard Plan Work at Details

Three Points Cited

Separations, Proposals. Punishments Chief Points

Lake Success, June 12 (AP)—United Nations atomic delegates went to work without delay today on Soviet Russia's new detailed plans for international atomic control. This temporarily sidetracked another battle over the veto.

Meeting as the working committee of the 12-nation Atomic Energy Commission, the same delegates who heard Soviet Deputy Foreign Minister Andrei A. Gromyko unfold his plan yesterday discussed how much of it should be considered in their committee and how much should be shunted to the Commission's Political Committee which is specifically studying controls.

The working committee had been slated to take up a Soviet proposal which seeks to overturn a majority decision in the commission that no veto shall apply on atomic punishments.

The delegates felt, however, that they must decide first on how to tackle the latest Soviet control proposals.

There were no signs that the long deadlock in the commission was any nearer a breaking point although some delegates looked upon Gromyko's plan as offering a fresh approach to the problem.

It left the fundamental differences between Russia and the majority of the commission unchanged, but the Soviet views were more clearly defined than at any time previous and some delegates expressed hope that perhaps these differences might be reconciled.

Chief Differences

The fundamental differences are:

1. The Soviet plan would separate the atomic problem into two parts. The first would be an immediate convention or treaty to outlaw atomic weapons. The second would be a convention or treaty establishing a single document embracing prohibition and control.

2. The Soviet plan provides only for "recommendations to governments on questions relating to production, stockpiling and use of atomic materials and atomic energy." This would mean placing these matters under national auspices as opposed to the majority opinion that an international agency alone should deal with them.

3. Russia's plan would also provide that the International Control Commission recommend to the Security Council (where the veto exists) action against violators of control agreements. The United States insists that the veto must not be used to prevent violators of atomic crimes from escaping punishment.

Opens Speculation

But in his speech to the commission yesterday, Gromyko did open up speculation over new possibilities for agreement on international inspection.

Gromyko said that the proposed International Atomic Commission, with internationally recruited personnel, would have "access to any facilities for mining, production and stockpiling."

This raised a question whether the Soviet delegate meant by this that international inspectors would be completely free to operate inside Russia.

The U. S. has been insisting on unlimited international inspection.

But Warren R. Austin, chief U. S. delegate, told newsmen yesterday that he personally never had advocated unlimited inspection, holding that it was a "fallacy" to which no country, "not even the United States," could submit. He said it was for the United Nations to define what is meant by inspection.

Occupants of Two Cars Are Injured in Collision

Occupants of two autos in collision at Smith avenue and Downs street at 7:20 a. m. today escaped uninjured, according to a police report of the accident.

One car, owned by Joseph R. Bundy, 83 Franklin street, was traveling north on Downs street and the other, driven by Salvatore DeFalco, 349 Clifton avenue, was proceeding west on Smith avenue when the two came together.

The Bundy auto was damaged on its front and a fender was knocked off the other car, the police said.

Cool Air Relieves Big Part of State

Albany, N. Y., June 12 (AP)—A cool air mass from the west moved across New York state today and

brought relief from two days of record heat. Temperatures dropped under the onslaught of the cool front, which the Weather Bureau said would hold readings to the upper 70's and low 80's throughout the day.

Scattered showers and thunderstorms accompanied movement of the cooler air across the state. Buffalo was the first to feel the effects, reporting a 23-degree drop, to 64 degrees, when the front began its march across the state last

night. Thermometers hit 97 degrees at Oneonta yesterday, followed by 95 at Binghamton and Utica. Syracuse recorded 83.3, a record for the date, and Albany's 94 topped its 1884 high by three degrees.

Binghamton's reading broke a 14-year-old record. Buffalo's 87 equalled a high set in 1895. Rochester sweltered under a record 93-degrees. New York city reported 86 de-

grees in its warmest day of the year. A drop of your favorite perfume rubbed on the mouthpiece of your telephone is a good trick.

Modjeskas Observe 20th Anniversary, Hang Largest Sign

Union-Fern Furniture Store Uptown Gets Giant Vertical Lighted Ad

One of Kingston's leading outdoor advertising firms, Modjeska Studios, 40 Thomas street, is celebrating its 20th anniversary in business here by erecting the city's largest vertical sign of the Neon type at Union-Fern, Inc., furniture and household store, 328 Wall street.

The sign, extending three stories, is 27 feet, eight inches high and four feet wide, with the letters illuminated by double tube white fluorescent neon. Top and bottom ornaments are brilliant green neon, trimmed with stainless steel bands.

Augustus P. Modjeska, who got his start as a show card writer and display manager for the former Rose-Gorman-Rose department store, said he was proud of the Union-Fern sign. "I think we have a right to be, because it is the city's largest vertical one. Everybody likes to boast about a record."

From a modest beginning in June 1927, the Modjeska Sign Studio business has grown into a concern that keeps 15 men busy in its various departments—Neon signs, outdoor advertising, truck lettering and general lettering. It covers territory extending from the Jersey border as far north as Saratoga.

During the war, Modjeskas played an important role in publicizing War Bonds and in erecting 13 war memorial honor rolls.

It was "Gus" Modjeska, who started on his own in 1927, and two years later his brother, Edward J., joined him. They have prospered in their endeavor and are happy about the firm's 20th anniversary.

Pressing need for larger quarters saw the Modjeskas move from the former Opera House building to a studio in the Reade theatre uptown, later to the Broadway and thence to the Eichler building on Thomas street and from there to the Parker building, purchased in 1945.

Many of Kingston's largest business houses, and the smaller ones too, have Modjeska signs, the firm boasts of its 20th anniversary, and is planning an extensive program for lighted outdoor advertisements.

Rosendale Dentist

DR. PAUL FOXMAN

Dr. Paul Foxman of Newburgh has opened an office for the practice of dentistry in the Lobello building, on Main Street, Rosendale, and will be in Rosendale all day Tuesdays and Thursdays and on Saturday afternoons.

Dr. Foxman served as a captain with the 194th Glider Infantry Regiment, having arrived in France from London in 1944, to take part in the Battle of the Bulge and from then on saw service as an infantry officer, being in charge of a forward echelon of a regimental aid station. He was under fire in the Ardennes and later took part in the Ruhr Valley invasion where he did emergency medical work and dental clinic work which brought him a Combat Medal award with three battle stars. Later he secured an emergency leave to come home because of the serious illness of his father, the late Dr. Herman Foxman, who died before his son arrived.

After serving as a captain in the service, he took special courses in dentistry on leaving the service. He is a graduate of Baltimore College of Dental Surgery of the University of Maryland and entered service as a lieutenant in May 1943. His mother, Mrs. Herman Foxman, lives at 126 Third Street, Newburgh, (Gordon Photo)

SHOKAN

Shokan, June 12—Frank Malone of Kingston was a business caller in Shokan Thursday. Mr. Malone as an employee of the telephone company for the past 30 years, has been engaged in field service in many parts of the county.

Elmer Markie, Jr., has finished painting the West Shokan Church parsonage and is now working on the exterior of the church building.

Harley Keator, well known Kingston businessman, was a caller in the village center Monday. Mr. Keator is driving a new cream and red panel truck.

Well advanced gardens here include those of Otto Rast and Burr Eimendorf.

Mr. and Mrs. Charles Datoff, farmers on the E. Nadal mountain farm for the past year, have bought the former Abel North farm in the Acorn Hill section of Olive.

The couple have begun to move to their new place and will soon start work on a barn to replace the one which burned down last year. Charlie will continue to operate his sawmill on the Widespiel farm for a few months.

June 1936: Veterans and widows of veterans of the Mexican War receiving government land grants included the following Olive residents: William H. Krom, Jacob I. Coons, Daniel S. Broadhead, Elizabeth Brown, Anthony Clawson, Joshua P. Davis, Joseph Bell, John W. Althaus, Stephen Winchell and Maria Burgher. Still other grants of lands in the West had been received by accredited residents during May, as a bonus for military service.

Mr. and Mrs. Roy Deuel returned to Brooklyn Saturday after having spent a few days at the E. Van Steenburgh cottage. The couple are anxious to rent rooms for the summer if they can find a vacancy here.

It's a Fact: Jacob Bishop, who in the early 1800's operated a gristmill along the Esopus near the present site of the Ashokan Dam, had lost his sight at the age of four years. Mr. Bishop ran his mill without assistance, journeyed to Kingston and New York alone, was an excellent judge of horses, held several town offices and never made a mistake in his grist. He was noted as a promoter of marriages and himself was the father of 11 sons and one daughter. Living descendants of this truly remarkable man include Mrs. Charles Greene of Shokan.

John Jones, mountain road farmer, has purchased a registered, polled Hereford bull. Mr. Jones is currently keeping a herd of six purebred Hereford and Guernsey milk cattle, as well as a number of pigs, goats, ducks and chickens. He has sold nine of his pigs this spring.

Coming birthdays include those of James Lawrence, June 15, and Clarence Eimendorf, June 16. The boys are next door neighbors in the east end of the village, and both attend the Ashokan M. E. Sunday School. James goes to the Ashokan school and Clarence is a K. H. S. student.

Members of the E. C. Bostack family of Bryn Athyn, Pa., were at their Shokan summer home

during the week-end. Mrs. Denis J. Lynch, also a summer resident of the Coors neighborhood, accompanied the Bostacks to Shokan.

Mr. and Mrs. Robert Meyer view of Broadhead were callers in the village Monday.

Callers last week at the home of Mrs. Ezra Green in Ashokan were the following: John and Roy Avery of Endicott; Mrs. Frank Barringer of the north reservoir boulevard; Mrs. Fox of Lomontville; and Mr. and Mrs. Hennan TerBush of Surinow.

Our Old Timer opines that current May and June weather conditions might turn out to be somewhat like that of 1903, but in reverse. He recalls that 44 years ago, the first rain in six weeks fell June 8, after crops had died over and many woodlots burned.

"But thereafter," says O. T., "it rained every day for the next two weeks."

Flashes of Life

Sketched in Brief

Battered Bluecoats

Passaic, N. J., June 12 (AP)—Police Chief Edward Boyko won't let his men take off-duty jobs as bar room bouncers any more.

"Too many have been beaten up," he said, causing a manpower shortage on the force.

Annual Event

Kansas City, June 12 (AP)—Rain for the annual dinner and golf tournament of the Merchants' Association has become such a tradition that it is guaranteed on the group's yearly invitations.

For the fifth straight year a downpour caught members on the course yesterday.

Dental Difficulty

Owego, Kas., June 12 (AP)—"Gosh, Doc, my false teeth are hurting me like thunder," a patient of Dr. F. J. Faulkner said as he crawled into the dentist's chair.

Examination showed the patient was cutting a wisdom tooth beneath his plate.

Appropriate Christening

Seattle, June 12 (AP)—The city has a new addition to its fleet, "Culicide." The craft will be used for spraying mosquito areas in Seattle's navigable waters.

Mrs. William F. Devin, the mayor's wife, christened the boat by smacking it over the prow with a bottle of D.D.T.

Gold Rush Halted

Portland, Ore., June 12 (AP)—Two leather pouches of raw gold dust and nuggets plunked down

on a bank teller's counter gave bank workers the gold rush fever for a few minutes.

Then C. J. Peterson, ex-Alaska sourdough, explained he dug the gold out of a safely deposit box, where it had been cached since 1931 when he "came out" to the states from Fairbanks.

Plane Grounded—by Birds

Brainerd, Minn., June 12 (AP)—An army surplus airplane is grounded indefinitely by a Mr. and Mrs. Bluebird.

The birds picked a corner of the plane's engine to build their nest and raise a family.

John C. Riede, manager of the Gull Lake-Haywood Airport where the plane is berthed, said the propeller on the plane "won't be turned over until those two tiny eggs in their nest are hatched out."

For Safety First

Cud chewing is a safety first device. Animals that are hunted can quickly gather grass out in the open, then retire to a guarded spot to chew it up.

Use lime juice in place of lemon juice for cooked or uncooked cake frosting or filling.

Ulster Goes Over Quota in Cancer Fund Campaign

Excess Is Said to Be
77 Per Cent of Sum
Requested by
A.C.S. Group

Ulster county with a quota of \$7,500 has exceeded its quota in the recent campaign to raise funds for the American Cancer Society by 77 per cent, to lead the state of New York in the drive. The total amount received to date by Arthur A. Davis, secretary-treasurer of the drive is \$13,260.37.

County Treasurer Jay W. Rifenbary, who served as county chairman of the Ulster county drive, recently received a letter of commendation from Judge James J. Barrett of Syracuse, presiding judge of the Court of Claims of the State of New York, who is serving as chairman of the New York State committee of the American Cancer Society, in which Judge Barrett congratulated the people of the county for the splendid response which was made during the campaign to raise funds to combat cancer. Ulster county at that time had not only reached its quota but had exceeded it by 77 per cent, the largest percentage of over-subscription of any county in the State of New York.

Judge Barrett in his letter to Mr. Rifenbary on June 6 said: "Thank you for your letter of May 23rd stating that you and your committee have raised over \$13,000 which fund will be used to combat the dread disease of cancer during the coming year. This exceeds your quota by more than \$5,500 and was the largest percentage of over-subscription of any county in the State of New York to date. * * * May I take this occasion to express to you and to all members of your committee, the heartfelt and deep appreciation of all the members of the State Committee for the excellent services which have been rendered in this humanitarian and worthy cause. From the beginning of the drive, I have known that you and the members of your committee had dedicated themselves to the continued crusade against the menace of cancer until final victory would be achieved. Please convey my thanks to all of your co-workers."

In only six townships of the county was the township quota not met and in several of the towns the response was far in excess of all expectations.

Quota Was \$20

The township of Denning with a quota of \$20 raised \$133.61 under the chairmanship of Mrs. Nellie Hamilton, over six times its quota. In both Saugerties and Wawarsing

Chairman Rifenbary found the response most generous under the times the quota while in Wawarsing under Mrs. William Litchford that town's quota of \$700 was more than doubled with the total being \$1,733.10. Kingston City exceeded its quota of \$3,245 by \$1,885.46.

Following is the list of town chairmen with the quotas and the total amount reported to Mr. Davis thus far:

Chairman	Quota	Raised
Denning, Mrs. Nellie Hamilton	\$20	\$133.61
Esopus, Mrs. Howard Markle	200	222.81
Gardiner, Mrs. C. H. Hapenst	70	171.02
Shawangunk, Verner Marks	30	11.00
Hurley, Henry Ballenfeld, Clayton Vredenberg	300	267.53
Kingston, Hazel Burton	10	7.00
Lloyd, John Wadlin, Mrs. Irving Rathgeb	350	373.95
Marbletown, Harry Snyder	200	127.81
Marlborough, Cluett Schantz, John Manion	150	345.40
New Paltz, Mrs. Walter Hasbrouck	250	350.00
Olive, Mrs. Wesley O'Brien	150	151.56
Platkill, Lillian Courter, W. S. Beatty	150	248.74
Rehoboth, Stanley F. Kolder	125	233.12
Rosendale, Frank J. McCardo	300	710.60
Saugerties, Mrs. Emily Knaus		
Dr. Grant D. Morse	600	2,372.82
Shandaken, Mrs. Wm. Cruickshank	150	263.86
Shawangunk, Edward E. Murray	150	57.34
Ulster, Edward M. Every	700	154.70
Wawarsing, Mrs. William Litchford	700	1,733.10
Wendstock, the Rev. Harvey J. Todd	100	85.14
Kingston City, William E. Edmunda	3,245	5,230.46
Total	\$7,500	\$13,260.37

Mr. Rifenbary expressed his thanks to the chairmen and to all workers who assisted in making the drive a success. In several localities there may be additional sums reported in excess of the amounts reported by Treasurer Davis and these sums when reported will be sent to the New York State Division of the American Cancer Society to be credited to the Ulster county quota.

Among those who visited were the Rev. Fathers Flaherty and Molony, the latter leading in recitation of the Rosary for the repose of her soul. Kingston paid flowers, with their chaplain, the Rev. Many Mass cards and over 50 floral tributes testified to the esteem in which Mrs. Albrecht was held. Burial was in Roseville. Burers were Andrew Wort, Herbert Wort, Peter Bowers and Vincent LeLucca.

Try fish main dishes for hot weather meals. Well prepared and attractively served, they'll please everyone in the family.

From the new 951-page comprehensive "Woman's Home Companion Cook Book" come these two delicious fish recipes:

Fish Mousse
(Serves 6-8)
Two pounds salmon or halibut, 1 cup butter, 1/2 cup flour, 1/2 cup cream, 2 teaspoons grated onion, 1 tablespoon lemon juice, 2 teaspoons salt, 1/4 teaspoon pepper, 4 egg whites.

Poach fish, preferably in court bouillon; drain, reserving stock. Strain stock. Cook fish, discard skin and bones. Put through fine blade of food grinder. Heat butter; blend in flour. Slowly add cream and 1/2 cup of fish stock; stir over low heat until thickened. Add onion, lemon juice, seasonings and fish. Fold in egg whites beaten stiff but not dry. Pour into greased fish or ring mold (about 1 1/2 quarts capacity). Place in a pan of water. Bake in a moderate oven (325 degrees F.) about 1 hour. Unmold onto hot platter; garnish with lemon wedges and parsley. Serve with anchovy sauce, mock hollandaise, or savory fish bechamel sauce. Note: Other flavorful fish may be used in place of salmon or halibut.

Flaked Fish in Cream
(Serves 4-6)
Two to 3 cups fish, home-cooked or canned, 1/2 cup butter, 1/2 cup milk, 1/2 cup cream, 1/2 cup fish stock, 2 tablespoons grated onion, 3 tablespoons chopped parsley, 1/2 teaspoon salt, 1/4 teaspoon pepper.

Drain fish and flake coarsely. In a large saucepan, melt butter. Add onion, salt, and pepper. Simmer over low heat about 5 minutes. Add flaked fish and heat thoroughly, stirring gently to avoid mashing the fish. Serve on toast or with baked potato.

TOMORROW'S MENU
BREAKFAST: Orange juice, ready-to-eat cereal, whole wheat toast, butter or fortified margarine, jam, coffee, milk.
LUNCHEON: Potato soup, whole wheat crackers, fresh vegetable salad, cooked dressing, enriched bread, butter or fortified margarine, cheese, macaroni, iced tea, milk.
DINNER: Tomato juice, flaked fish in cream on toast, baked potatoes, peas and young onions, enriched bread, butter or fortified margarine, sliced cucumbers, apple pie, coffee, milk.

Red Hook Gets Aid
For Sewage Plant Plans

Albany, N. Y., June 11 (AP)—The State Public Works Department announced approval today of 16 community postwar construction projects, estimated to cost \$4,228,000 and allocated \$82,211 as the State's share of planning costs.

The largest project was a proposed \$1,550,000 junior-senior high school for the West Seneca and Orchard Park Central School in the county. The Department allocated \$25,200 from the State's postwar reconstruction fund as the State's share of the cost of plans.

Other approved projects, the State shared 50 per cent of the cost of plans, not in excess of 2 per cent the estimated construction cost. The State pays none of the construction cost.

Other projects, the estimated cost, and the State's allocation for planning include:

Red Hook, Dutchess county, sewer system and treatment plant, \$25,000; \$6,700.

Signs Promoting Kingston To Be Up by July 4th

The Kingston Chamber of Commerce reports that the highway signs that the Chamber authorized

to be constructed at its May board of directors meeting are being readied and are expected to be completed for erection prior to the Fourth of July. Four sites have already been selected for these signs, and sum-

mer tourists and visitors to the area will find them on Routes 209, 28, 32, 9W north and 9W south. The signs depict Kingston with all its historical background and folklore as the gateway to the Catskills, publicizing it as a wonder-

ful place to live in and notifying motorists and pedestrians that more than 500 stores in the city are at the disposal of customers. Construction is progressing steadily on the signs, and weather

permitting they will be up before July 4. **Cure for Baby's Feet** Atlantic City, N. J., June 12 (AP)—Flat feet, club feet and feet that slip upward like walking on heels,

nearly all can be cured in the first few months of a baby's walking by proper splinting, the American Medical Association was told today. An exhibit of the methods was shown by E. M. Thompson, W. W. Bartels, F. S. Webster and

Frank P. Stone, of Lincoln, Neb. They reported that about ten per cent of all babies have one of these foot conditions. **No Cause Verdict** A verdict of no cause of action

was returned Wednesday by County Court in an action brought by Charles Van Alst against John Schreiber, Peter H. Harp appears for plaintiff and David W. Corwin for defendant who also sought damages under a counter claim.

'Roadside' Will Be First Vehicle of Maverick Players

Woodstock, June 12—The Maverick Theatre will open on Tuesday evening, June 24th, when the Maverick players present "Roadside," a charming folk-comedy by Lynn Riggs.

Many offers were rejected for the use of the theatre this season but when a group of young people who have been associated with the Neighborhood Playhouse in New York, made known their aims and ambitions to Captain C. Van der Loo he believed the best tradition of the Maverick Theatre would be carried on by this company which will be known as the Maverick Players.

Hervey White and Fritz Van der Loo founded the Maverick when they purchased the farm of Peter Ostrander, 102 acres lying on the Glenford Turnpike on the south side of Mount Ohayo, approximately two and a half miles southwest of the village of Woodstock. This colony has long been known as a sort of Utopia for the young, struggling artists, although many who have over a period of years achieved fame, still reside on the Maverick.

Hayes, Robinson Billed in '24 The theatre was built in 1924 and is a large rustic edifice with a seating capacity of about 750. The first year, such well known actors as Dudley Digges, Helen Hayes, Charles McCarthy and Edward G. Robinson put on a series of fine dramatic productions.

Captain Van der Loo, carries on the Maverick tradition of simple living and high thinking as visualized by the founders. Jean Pearson, acting manager, and Priscilla Amidon are the first of the Maverick Players to arrive in Woodstock. The other members of the company who are expected to be here next week, are James Doohan, Ken Faine, Edmund Marron, Fred Sandoff, Frances Freeman, Michael Manor, Terry Greene and Ernest Yacovino.

Associated With LeGallienne The company will be directed by Paul Morrison and Margaret Barker. Paul Morrison is on the staff of the Neighborhood Playhouse and a leading member of the Group Theatre. He has been associated with famous Eve LeGallienne, a former Woodstocker, and Margaret Webster in the American Repertory Theatre during the past season. Margaret Barker is currently on tour with Katherine Cornell in "The Barretts of Wimpole Street," and will come directly to the Maverick Theatre when the show closes in Los Angeles. Miss Barker is a founding member of the Group Theatre and is well known on Broadway as an excellent actress. She will appear in "Candida," the second show of the season.

National Theatre Associates The Maverick Players enjoy an unusual honor as the only group member of the American National Theatre and Academy. The majority of the company received dramatic training under Sanford Meisner at the Neighborhood Playhouse School of the Theatre. Their aim is to present a good theatre with a group of plays selected on the basis of a dramatic quality not ordinarily found in the average summer stock playhouse.

This company has been formed because, as Jean Pearson says, "the tendency in summer stock has become more and more away from the youth in the theatre."

She believes "summer stock is very important as a training ground to help ambitious actors and actresses to become important in the theatre later."

Schedule of Plays

The plays to be seen at the Maverick Theatre during the summer season are:

Opening Play, June 24-29 "Roadside" by Lynn Riggs.

July 1st to 6th, George Bernard Shaw's "Candida."

July 8-13, William Saroyan's "The Time of Your Life."

July 15-20, "Love from a Stranger," the exciting mystery by Frank Vosper.

July 22-27, "Seventh Heaven."

July 29-August 3, "Our Town," Thornton Wilder's.

August 5-10, "Jason," a sophisticated comedy that is both modern and timely.

August 12-17, Jean Paul Sartre's "No Exit," the play which had a tremendous success in London and evoked much controversy on its opening in New York this past season.

August 19-24 "The Goose Hangs High."

August 26-31, the final play will be announced.

Guild Holds Meeting; Various Reports Given

Woodstock, June 12 (AP)—The Woodstock Guild of Craftsmen held a meeting Tuesday afternoon to hear reports of the various committees. The shop committee reported sales so far this season have exceeded those of last year for a similar period. The educational committee are pleased with the way enrollments have been coming in for the summer classes.

One of the new items in the guild shop is the circular skirt, in street length or evening length, of conventional quilt design, made by Belle Northrup, former Assistant Professor of Fine Arts, Teachers College, Columbia University. Mary Smith's hand-blocked prints in early American motifs are also creating much interest. The ceramic jewelry made by Alice Fisher and Gerla Staur, Viennese refugees who came to Woodstock about three years ago, is popular.

Quaker Sewers Are Carrying on With Important Work

Woodstock, June 12—Any Tuesday afternoon, rain or shine, you will find a group of ladies in Mrs. Anton Otto Fischer's living room, busily engaged in making children's clothes for the Friends Service Committee.

The Woodstock group was formed during the war and they call themselves the Quaker Sewing Group. Besides Mrs. Fischer, those active in this work are Mrs. Nancy Schoonmaker, Mrs. Norman T. Boggs, Mrs. Margaret Kenyon, Mrs. Madeline Schiff Wiltz, Mrs. G. V. Deicken, Mrs. Martha Simons, Mrs. Richard Thibault, Mrs. Bruno Zinni, Mrs. Dyrus Cook, Mrs. Bert Drucklich, and Mrs. Raymond Kargere.

The present project is making boys' shirts. The ladies are very systematic about their work. One does the cutting, several work on the basting of the shirts, and as they are completed, they are given to Mrs. Nancy Schoonmaker, who sews them on the machine which is set up in the living room each week. The handmade buttonholes are done by Mrs. Wiltz and Mrs. Deichen.

The boys who receive these shirts may well be proud of the

JACQUELINE MARCAULT Woodstock, June 12—Jacqueline Marcault, an accomplished musician, and her five-year-old daughter, Cosima, arrived from France during the week and are having their first visit in nine years with her sister, Mrs. J. C. Van Rijn in Woodstock.

As a concert pianist, Jacqueline is well known throughout Europe. She has played for large audiences in London, Paris, Holland, Belgium, Italy, and as she says "all over Europe, except Germany."

A petite, vivacious and very energetic young woman, she has finally realized her dream of many years, that of actually being in America. In a conversation with Miss Marcault, who in private life is Mrs. Peter Ponti, she told of her unhappy experiences during the war years. She was in Italy when

war threatened and immediately tried to leave the country but after waiting ten days, again applied for necessary permission to return to France. Instead of granting her request, she and her family were interned, with 150 other foreigners. Sad days followed but about eight months before liberation, she and others escaped into the mountains. Out of the 150 internees, only 15 were alive when liberation finally came.

Grateful to Soldiers Jacqueline was so grateful to the Americans, the G.I.s and officers, she wanted to do something for them and though she was anxious to return to France and her family, nevertheless, she asked at a Red Cross center for an opportunity to play for the American soldiers. She describes this as "one of the loveliest experiences

of her life." She was amazed to find what a great love for music the boys had. When asked what their preferences were, she said, "Oh, that was the most surprising thing. They called for Bach, Beethoven, Wagner and others but most extraordinary, was their knowledge and love for Debussy and Ravel."

Hops of World "The people of France are very unhappy," Jacqueline replied to a question regarding conditions in France, and continued "They have very little hope because they have suffered too much. It is very difficult. I am very unhappy about France; they are all divided which is the greatest difficulty. It is such a big problem and I think only the people in the United States can do anything about it. I suppose you hear so much about the difficulties and problems of Europe, it becomes rather dull, but America stands out as the hope of the world."

When asked if she would like to live in Woodstock, Jacqueline said, "Of course, I would like to live in Woodstock. Doesn't everybody?"

Played With Casuals Miss Marcault has the distinction of playing with Pablo Casals in his last concert. "That was a great pleasure," she said, Mr. Pablo refuses to play again until Barcelona is free.

Cosima, the young daughter, is a delightfully unspoiled child who shows much talent at her early age. When she grows up, she hopes to be a pianist and a cook.

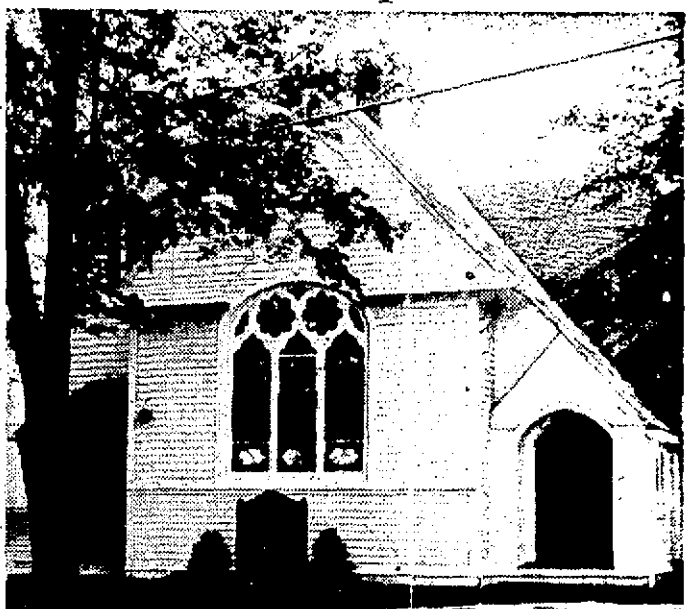

Miss Marcault and her daughter came to America on the immigration quota from France, and will remain in Woodstock during the summer months at least and it is expected that Jacqueline will be heard at one of the concerts this season.

of former Gov. Harold E. Stassen of Minnesota told this reporter he hopes the delegate strength of Senator Robert A. Taft of Ohio measures up to expectations in certain sections of the country, particularly the south.

The obvious inference is that what is Taft's will not be Dewey's. Similarly, some Taft supporters say they would like to see Stassen—or anybody else, for that matter—block Dewey out in states where they think the Ohio senator has little support at the present time. Stassen, the only announced

candidate for the presidential nomination, has been cycling south-
ern delegates. But his recent trip to Texas has been regarded as a bid for secondary support in an area where Taft has been the favorite in the past.

Has Framed Challenge

Stassen already has framed a direct challenge to Dewey in Wisconsin, where Willie met his political Waterloo in 1944. That year Dewey played coy, but took the majority of the delegate crop anyway.

Next year three states apparently will be in that field, one for Dewey, another for Stassen and a third for Gen. Douglas MacArthur. But the Dewey people are plagued by the responsibility that they will have a double state running in the Milwaukee Fourth District.

Taft is expected to keep out of this melee, although the Ohio senator told a reporter he has not given the question any thought one way or the other. Taft's drive for the nomination apparently won't begin until September, for he intends to spend a month's vacation in Canada after Congress ends its work around August 7.

The New York governor's home state of Michigan may be a holdout from the Dewey column because of the uncertainty about the possible candidacy of Senator Arthur Vandenberg.

Vandenberg, who apparently has as much—if not more—popular appeal as any Republican today, remains available but has made no discernible effort to get any delegates. He told the Michigan Republican convention, in effect, not to endorse him.

But Michigan Republicans are expected to hold themselves in readiness.

Favorite sons probably will cut down Dewey's early strength elsewhere. Taft will be one of these, with Ohio's delegation, Gov. Earl

Warren is certain to carry California's backing into the convention. Senator Owen Brewster is expected to have Maine's backing. Senator Edward Martin might have Pennsylvania's support. House Majority Leader Charles McNary probably would like to have Indiana's.

In the northeast, where Dewey ordinarily is credited with a strong foothold, there is evidence that the home boys are thinking about some of their own favorites.

House Speaker Joseph Martin of Massachusetts predicted on a recent visit to Texas that Senator Leverett Saltonstall would be the choice of the New England state. Senator Raymond Baldwin is likely to carry Connecticut's banner.

All of these add up to a formidable challenge to Dewey's yet undented strength in the early balloting. And politicians here are saying that unless he wins quickly, he may not get the nomination at all.

Advance in Beef

Continued from Page One

ports, said advancing meat prices represented an "amazing" domestic consumer demand, particularly for beef. This, they said, also was reflected in the high price for beef cattle at livestock markets.

The Agriculture Department said meat production last week totaled 317,000,000 pounds, 46 per cent higher than a year ago.

"Then the price of meat goes up, the consumer howls, but when the price of livestock goes down we get the howls from the producers," one packer said. "We operate between the devil and the deep blue sea."

Another packer spokesman said the normal hot weather slump in demand for meat had not developed this year. He said there was nothing unusual in the supply or export situation, but that demand was running at around the highest level in the industry's history.

Salable cattle receipts at the 12 major markets so far this week total 197,700 head against 189,700 last week and 121,200 a year ago. Salable hog receipts total 169,700 against 198,200 a week ago and 101,200 a year ago.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent urination passes with a burning and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition! Lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause itching backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulating diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

One More Complaint

89 German street Kingston, N. Y. June 11, 1947.

Editor, The Freeman:

Since The Freeman has been running a few letters lately about what is wrong with the city's automobile drivers, may I add one more complaint?

As my home is located at the top of German street hill, just above Block Park, I can't help but notice the speed with which the cars negotiate said hill. The summer vacation is approaching and

the hill will be used daily by scores of children on their way to the park.

Coming up the hill, one cannot see over the top of it, and some time ago my neighbor's dog was injured because it happened to be in the road. It could have been a child, but luckily it wasn't.

Unless the drivers using the hill take it a little slower on their way up, I am afraid there will be an accident before the summer is over.

Yours truly,
MRS. ANDREW GRIFFIN.

Infant Is Treated For Illness Thought Caused by Kerosene

Elizabeth Neal, year-old infant of 9 Home street was treated at the Kingston Hospital early Wednesday night for an illness apparently caused by kerosene.

Dr. Leon Gray, 361 Broadway reported to the police that he had received a call about 7 p. m. to 9 Home street and when he arrived he detected the odor of kerosene on the child's breath.

The child's parents reported that she had suddenly become ill, but they were not sure of the cause of illness. Dr. Gray arranged for a stomach wash treatment at the hospital.

Circumstances under which the child might have got hold of the kerosene were not disclosed.

Two Families Are Too Much for Officer

Pittsburgh, June 12 (AP)—Police Lieutenant Lawrence Maloney didn't quite know what to do today about the family of seven he "adopted" the other night when he found them sitting out on the street.

The John Sneller family had been evicted from their Northside home because the landlord wants to remodel the building the gas, water and electricity had been shut off.

Maloney took \$10 of his own money and gave it to them so that Sneller, his wife and their five children might stay at a hotel Tuesday night.

But last night the Snellers returned to the police department with a sad story: They still couldn't find a home and the Department of Public Assistance couldn't help them because they haven't a permanent address.

"I don't know what to do," said Maloney. "I can't pay out \$10 every night. I'm only a police lieutenant."

Sneller is a truck driver but can't work because of a Teamster's strike. Furthermore, the family is dogged by bad luck. Ruth, four, has her arm in a cast as the result of a fall, and Walter, eight, is recovering from a skull fracture suffered when he was hit by a truck.

Last night Maloney sat in the station house, his chin in his hands and his brow wrinkled.

"I can't keep two families, you know," he mused.

Response Is Lagging On Community Fund

Whether or not the idea of a Community Fund will materialize depends primarily on the community itself, the Kingston Chamber of Commerce said today. The Chamber reported that response to the institution of such a fund has been very slow lately, and most of the agencies sponsoring the creation of such a unit have not had an opportunity to hold board of directors meetings.

All persons interested in the formation of a Community Fund are urged to contact their respective agencies set up to sponsor the plan that originated at a meeting of Kingston's various community services and agencies held at the Governor Clinton a month ago.

David I. Walsh Dies in Boston; Was Former Senator

DAVID I. WALSH

Boston, June 12 (AP)—Former U.S. Senator David I. Walsh, Democratic veteran of more than a quarter century in the national legislative body, died yesterday of a cerebral hemorrhage at St. Elizabeth's Hospital.

Death came to the wartime chairman of the powerful Senate Naval Affairs Committee at 5:40 p. m., shortly after funeral services had been held for his sister, Mrs. Nellie E. Dooly, who died at her Boston home Sunday.

The veteran of almost 50 years in Massachusetts politics died a week from the day he was admitted to the hospital for observation of high blood pressure. His condition became serious Monday and took a sudden critical turn Tuesday night.

His lifelong friend and law partner, Judge Thomas H. Connolly, and several relatives were at his bedside when he died. He leaves two sisters, the Misses Julia and Mary Walsh, with whom he made his home in Clinton.

Walsh's long career in Washington ended last November after Republican Henry Cabot Lodge, Jr., wrested the Senate seat from him in a one-sided victory.

The son of immigrant parents, Walsh was born in Leominster, Mass., 74 years ago.

Cardinal Hits Bigotry

New York, June 12 (AP)—Francis Cardinal Spellman, archbishop of the diocese of New York, says that bigotry once again is cutting its way into the vital organs of the greatest nation on the face of the earth, our own beloved America. Speaking last night at Fordham University commencement exercises, the Cardinal quoted from Protestant and secular publications which criticized the Supreme Court 5-to-4 decision of February 10 that held in a New Jersey case that parochial school children may ride in the supported school buses. He said the attack was directed at "the growth and expansion of Catholic education which is claimed to be a constant threat to the supremacy of public education in the United States."

ULSTER PARK

Ulster Park, June 11—There will be a service in the Reformed Church next Sunday at 9:45 o'clock. Services will be held regularly from now on as the Rev. Mr. Christiana will soon be located here permanently.

The higher grades of the Ulster Park School enjoyed a trip to the

Roosevelt estate in Hyde Park last Wednesday.

Choir rehearsal will be held Thursday night at the home of Mrs. Earle Terwilliger.

Commissioner C. Chester DuMont of Albany was a week-end guest of his son and family. Julius A. Jahn sold his building lot on 9-W near Port Ewen to Richard Williams.

Mr. and Mrs. H. N. Winfield spent Sunday with their son and daughter-in-law at Haverstraw.

Desmond Says Group To Delve Into Problems

Albany, N. Y., June 12 (AP)—State Senator Thomas C. Desmond said today his joint legislative

committee on problems of the aging would soon begin "a wide-scale investigation of social and economic problems" facing elderly persons.

"Society is guilty of neglecting its aging," the Newburgh Repub-

lican said in a statement. "We put the elderly on a dole or pension and then sometimes forget about them. . . . We can properly be charged with having previously failed to realize the wealth of mature judgment, ideas

and production society can gain from our old folks."

He said the committee, created by the 1947 Legislature and granted a \$15,000 appropriation, first would delve into:

1.—The number and distribu-

tion of the aged in the state; 2.—State activities in their behalf; 3.—Impact of "the rapidly increasing numbers of the aged on our economy;" and 4.—Scientific findings to "prolong the vigor and life of the aging."

West Has Snow

Denver, June 12 (AP)—Little more than a week before the official arrival of summer, residents of some parts of eastern Wyoming and Colorado awoke today to find the ground covered with snow. The

Weather Bureau reported that snow fell during the night at scattered localities from Lander, Wyo., southward to Colorado Springs, Colo. Temperatures dropped below freezing at Cheyenne and Laramie, Wyo. The Weather Bureau

predicted the storm would move eastward today.

All fish life originally came from the ocean. New races developed when groups became landlocked or otherwise isolated.

Father Whittemore Speaks at Bard College

Annandale-on-Hudson, June 11.—Taking as his text, "Come unto me all ye who travail and are heavy laden and I will refresh you," the Rev. Alar Griffith Whittemore, D.D., Superior, Order of the Holy Cross, was the guest speaker at the Vesper Service at the Chapel of the Holy Innocents, Bard College, last Sunday afternoon (June 8).

Father Whittemore said that ever since the beginning of time man has scrapped with his pride,

lust and selfishness, and that the nearer he comes to God, the more he is aware of this sinfulness. There is only one single figure in this respect, he continued, Christ, who lived the perfect life, and had no sense of sinfulness.

In the life of Christ, he said, there was no indication of a conversion, such as there was, for instance, in the life of Buddha. The Bible tells of miracles wrought by Christ such as, the raising of Lazarus from the dead, and the feeding of the 5,000 with a few loaves and fishes. I believe that these miracles actually happened, he said, but it makes no difference. The great miracle was that Christ was created perfect, that it did not take a conversion to make him what he was.

Continuing in his informal manner, Father Whittemore, spoke of the unexpected elements in our lives. The earth is traveling around the sun at approximately fifty-one miles per minute, and not one of us knows that some unexpected blow may not strike it at any moment. Neither can we be sure that the life of anyone of us may not end before the day is out in an automobile accident, a fatal stroke or a snakebite. This is an exciting life and what men need most to face it, is courage.

There may be occasions tonight when we will be afraid. Where are we going to get courage to face these situations? Let us remember, he concluded, that all men have fear, are weak and sinful, and that there is one heart to which we can turn to for help.

Father Whittemore is a graduate of Williams College and General Theological Seminary. Before becoming Father Superior of the Order of the Holy Cross with headquarters at West Park, N. Y., he served at the Order's mission in Liberia, West Africa, for ten years.

He was welcomed to the College by Chaplain Frederick Quentin Shafer, and later in the evening was present at an informal reception given by the St. Stephen's Society.

During World War I, combat planes were used to transport wounded personnel.

Too Much Vitamin D Can Become Fatal

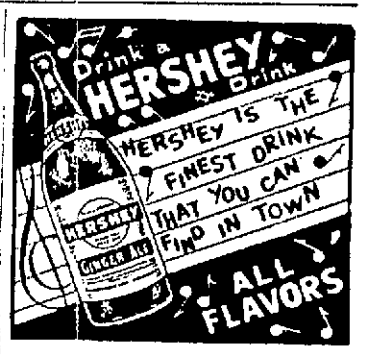

Atlantic City, N. J., June 12 (AP)—Too much Vitamin D, the American Medical Association was told today, may be fatal, already has caused seven known deaths, and hardens numerous body tissues until they are very much like stone.

The report was made by Doctors C. H. Slocumb of the Mayo Clinic, Rochester, Minn., and

Smith Freeman of Northwestern University.

"No popularly used preparation of Vitamin D," they stated, "is safe from producing kidney damage, calcium deposits and other toxic symptoms, even in doses of 50,000 to 100,000 units daily, unless carefully given."

Vitamin D doses sometimes run into nearly a million units daily. The report did not say that large doses should never be given, but warned that they can be dangerous, and told physicians how to watch for signs of trouble.

ports of the recent balloting
showed a unanimous vote to re-
elect the present officers: Mrs.
Henry Dunbar, president; Mrs.
Harry Smith, vice-president; Miss
Ethel Mauterstock, secretary; and
Mrs. Amos Newcombe, treasurer.

For the musical program the
group was privileged to hear For-
rest Goodenough, pianist and com-
poser, play several of his own
compositions. They included two
nocturnes, an etude and a short
piece he composed while studying.
Miss Patricia Scudder accom-
panied by her father, Samuel D.
Scudder, played two violin solos:
"Romance" by Wieniawski and
"Jascha" by William Kroll of
Woodstock. Miss Dorothy Groves,
soprano, sang "Quiet," by Sande-
son and "Dedication," by Richard
Strauss. She was accompanied by
Mrs. Raymond H. Rignall.

Newspaper clippings of reviews,
new composers, new compositions,
new artists, and musical topics
were compiled during the year by
Mrs. Mortimer B. Dwyer for her
topic last night, "Music News and
Views." She gave a short resume
of some of the news in the music
world and presented the clippings
to the club for inspection. She
noted the new interest in review-
ing radio music, the reports con-
cerning Arthur Rodzinski and the
New York Philharmonic Orches-
tra; reviews by Virgil Thompson
and the many new artists and
compositions.

Mrs. Dunbar presided at the
meeting. The report of the nomi-
nating committee in the absence
of Mrs. Clyde L. Wordley, chair-
man, was given by Mrs. A. Noble
Graham. Also serving on the com-
mittee was Miss Lucinda Merritt.
Chairman of the program com-
mittee for next year will be Miss
Helen Sheldon.
The next meeting will be in
October.

Readers Service

Did you know that in some
schools children are taught to type
before they learn to write? A bit
extreme, perhaps—but it's an indi-
cation of how important typing is
considered these days. You need it
for business success, for school
work, for home use. Why not
devote a few minutes' spare time
daily this summer to teaching
yourself to type at home.

The first step is to learn all
about your typewriter and how it
operates. Then a simple keyboard
chart shows you how to place your
fingers so you can strike any key
without looking. Once you know
the fundamentals, practice drills
and exercises give you speed.

Soon you turn your attention to
punctuation, capitalization, center-
ing and so forth. Letters and
manuscripts come next and—lo,
you're a competent typist!

A complete home course in typ-
ing is given in our Reader Service
booklet No. 43. It was written by
the head of the Secretarial De-
partment of one of our leading
universities. Covers all you need
to know!

Kolarick-Ponticello Box Tonight; Dodgers Whip Nyack, 5-2

Return Match Is Feature; 1st Bout Starts at 9 P.M.

This is boxing night at the municipal auditorium and indications are that there will be a capacity crowd to see George Kolarick and Tony Ponticello fight it out in the main bout, supported by an attractive card.

The feature attraction is a return match, arranged on request of Ponticello, Gloversville middleweight, who lost by technical knockout to his Cleveland foe two weeks ago because of a scalp wound.

Fans lamented the action Referee Emmott Ryan was forced to take, due to the head cut, because Ponticello and Kolarick had furnished them with a first-rate exhibition of power punching for three rounds.

Ponticello is confident he can beat Kolarick over the five round route, and George is just as sure he can take the decision, and possibly win by a knockout.

Interest in tonight's show hit a high peak as soon as the announcement was made that the two hard-hitting middleweights would headline the card.

Other five rounders: Eddie Morton, Albany welterweight vs. Johnny Maddox, Cleveland, another protégé of Johnny Papke, former professional contender for the 160-pound title.

Harold Morton, Albany lightweight vs. Cliff Carson, Cleveland.

Joe Ausanio, Kingston middleweight knockout puncher vs. Sid McDonald of Gloversville, who defeated Tommy "Tiger" Davis.

There are three three-round preliminaries, the first being scheduled to open the show at 9 o'clock.

In one, Joe Taylor of Port Jervis will box Danny Smith, Ponckhockie bantamweight. Joe Penzo of New Paltz will oppose an Albany bantamweight, and either Frankie Bunce of Kingston or Val Pinnaccone of Kerhonkson will meet an upstate foe.

Bosox Showing Traits of '46 As Moundsmen Give Club Lift

(By The Associated Press)

Things were looking up for general Joe Cronin and his Boston Red Sox today.

Back in undisputed possession of third place, and in the midst of their longest winning streak in a month, the American League champions are beginning to look like the club that swept through the circuit like a prairie fire last season.

The old slugging bunch of Ted Williams, Bobby Doerr, Rudy York, Vern D'Maggio and John Pesky still is in the throes of a puzzling batting slump, but the pitching department appears to have taken a new lease on life.

The biggest lift, however, has been the return of left-hander Mickey Vernon, and not because he is the court jester of the club either.

The 29-year-old southpaw, one of last year's big four, hadn't seen an inning of service on the mound until yesterday.

Making his first appearance of the 47 season, the native New York southpaw pitched seven scoreless innings as the Red Sox won their third straight over the Cleveland Indians 3-0. Not since May 14 have the Red Sox won that many in a row.

Rookie Times Bengals

The victory put the Sox only 2½ games in back of the league leading Detroit Tigers who divided a double header with the Philadelphia Athletics. The Bengals easily won the first game 7-1 behind the seven pitching of Big Al Benton, but were shut out 4-0 in the nightcap by Carl Scheib, a 20-year-old unheralded rookie who was making his first major league start.

The split, however, dropped the A's into fourth place.

Another rookie hurler, Frank Shea of the New York Yankees, had his seven game winning streak broken when Don Kolloway tripped and George Dickey singled in the 11th inning to give Joe Haynes and the Chicago White Sox a 3-2 win in Chicago. The victory moved the White Sox into fifth place, six percentage points ahead of the Indians. The second place Yankees, in losing dropped to a full game behind the Tigers.

The Chicago Cubs further tightened the blistering National League pennant race turning back the Boston Braves twice in Boston 4-0 and 5-2 to replace the Braves in third place and move within a game and a half of the front running New York Giants. The Giants dropped an 8-7 slugfest to the Pittsburgh Pirates in New York.

Mudwick Belts Homer

The Philadelphia Phillies shoved the St. Louis Cardinals back into a last place tie with Pittsburgh by noosing the Redbirds 5-4 in Philadelphia. The Phils jumped on Howie Pollet for all their runs in the first inning after Joe Medwick had given the Cards a three-run lead with a home run in the top half off Ken Rukusberger.

Washington dumped the St. Louis Browns back into the American League cellar with a 4-2 victory at St. Louis last night behind the six-lit pitching of Early Wynn. The triumph moved the Nats into seventh place, a half game ahead of the Browns.

Loeke Is Favored

St. Louis, June 12 (AP)—They tee off today in goldfom's most grandiose show, the 47th United States Golf Association Open with South African Bobby Locke slightly favored to move down 165 tense rivals on the short but deceptive St. Louis Country Club course. Mustered in 150-pound Larry Manigault was defending his title in this 72-hole blue ribbon scramble, but the fellow to beat obviously was the red-hot importation from Johannesburg, South Africa, Arthur D'Arcy (Bobby) Locke. Cloudy weather with occasional thunder showers was predicted.

Mahanoy City Second Sacker Leads in Batting With .402

Jack Medina, Mahanoy City second baseman, was leading the North Atlantic League in batting with a robust .402 as of June 7, according to official statistics compiled by Harry Simmons, league statistician.

In 23 games, Medina had collected 37 hits in 92 times at bat, with two home runs and 20 runs jatted in. His teammate, Tony Clori, an outfielder, was runnerup with .398 on 41 hits for 103 trips in 27 contests. Clori had 19 RBIs and no homers.

Four Kingston players—Manager George Scherger, Tom Corrigan, Jim Williams, released yesterday, and "Knobby" Rosa—were in the select 30 circle. Scherger's .369 rated fourth in the league. Corrigan was hitting .364 for sixth position. Jim Williams had .360 and Rosa, .340, including four home runs.

The Dodgers maintained their club batting lead with a powerful .297 aggregate. The Kingston sluggers led in hits with 261, runs 199, were second in doubles with 41, tied for the lead in triples with 19, and second in homers with 10. Mahanoy City was runnerup with .280.

Breadon Sale Gains Credence About Cards

Columbus, O., June 12 (AP)—Is Sam Breadon actually about to peddle his world Champion St. Louis Cardinals to a syndicate headed by Postmaster-General Robert Hannegan?

The Columbus Dispatch stated fully yesterday that a deal between the "Hannegan syndicate" and Breadon had progressed to its "final stages."

Hannegan shunned sports writers at St. Louis where he appeared after leaving Washington without disclosing his destination, and Breadon declined comment, a usual policy with him when deals are cooking.

Hannegan's Washington office said that he had denied the story when the question was put to him by telephone.

H.R.G.A. to Hold Senior Tournament Here on Saturday

With entries expected from eight member clubs, the 15th annual senior championship tournament sponsored by the Hudson River Golf Association will be held Saturday at the Twaalfskill Golf Club.

The event, which is an 18-hole stroke competition, is open to men of 50 years or older of the member clubs of the association.

Although the championship is decided by the lowest gross score, the field will be divided into two classes with a prize in each class for low gross score and low net score.

Thomas B. Hornbeck of the Powelton Club of Newburgh is the defending champion. Entries are being accepted for men of 60 years and over in Class A and men between the ages of 50 and 60 years for Class B.

The clubs expecting to be represented in this year's championship tournament include the Dutchess Golf and Country Club of Poughkeepsie, Hudson River Country Club of Yonkers, Orange Golf Club of Middletown, Out O'Bounds Aero and Golf Club of Suffern, Rockland Country Club of Nyack, the Powelton Club of Newburgh, the West-Point Officers' Golf Club and the Twaalfskill Club.

Roger Brown Hurls His 2nd Straight Four-Hit Victory

The Kingston, Dodgers completed their sweep of the three-game series with Nyack Wednesday night at municipal stadium by scoring a 5 to 2 victory before a Ladies Night turnout of 700 fans.

Roger Brown, the Hoosier, made his local mound debut last night and fired an impressive four-hit victory for his third straight North Atlantic League win. He blanked Carbondale on four hits Friday. Brown whiffed seven and was seldom in trouble.

Brian Kerr, the Dodger fly-chaser and lead-off batter, smacked two resounding triples into left and center field for his best batting splurge of the year. Kowalski also bashed out a pair of 0 hits.

Lead by Six Games

Kingston's win and Carbondale's split with Nazareth last night, boosted the club's lead to six full lengths. Carbondale beat Nazareth in the opener by 6-1 but Nazareth won the finale, 5-1. Peekskill defeated Bloomington, 6-4 and Stroudsburg walloped Mahanoy City by 10-4.

The Dodgers jumped on Curly Raetz for two in the first on Kerr's first triple, a walk to "Sugar" Scherger and a forecourt. Williams wound up the proceedings with a single.

After Nyack made it 2-1 in the second, Kingston added two more in the fourth on Kowalski's single, a walk to Williams and a costly miff by Stockdale who followed it up with a wild heave. Kingston's final run came in the fifth on successive bingles by Rosa and Kowalski. Rosa counted on Williams' long hoist to center.

Nyack pushed over its final run in the ninth on a walk to Stockdale who completed the circuit when Jerry Orlman muffed Daniel's long blast to deep center.

Away Until Monday

The Dodgers will be on the road until next Monday when the Peekskill Highlanders come in. The defending champs will be the big attraction at the stadium for the Booster Night game next Tuesday.

Dayton, O.—Larry Cartwright, 160, Dayton, awarded 10-round decision over Eddie Miller, 158, Dayton, boxing Commissioner Chairman Bud Jacobs overruled officials who called bout a draw.

Windburn-Watzka Set for Duel Tonight

Crowd Expected For Vital League Tilt; Starts 6:15

The long-awaited pitching duel between Ed Windburn, ace flinger of Jones Day and Jack Watzka, the mottled for Stables' Bakery, tops tonight's City League baseball attraction at the Athletic Field. Game time is set for 6:15 o'clock, and a big turnout is anticipated.

Windburn, leading flinger in the league with 10 straight triumphs over a span of two seasons, is keyed for tonight's big duel. The former Kingston High School hurler also is pacing the twilight league in strikeouts.

Watzka, another erstwhile Maroon and White thrower, will go in tonight's tussle with a 2-1 record for the year. The East Kingston fireballer defeated the hard-hitting Morgans in his last time out when he struck out 14 batters.

Last Night's Result
A seven-run outburst in the fifth and sixth innings of last night's City League game at the Athletic Field enabled the Seven-Up club to creep through with an 8-6 squeaker over West Shore. The losers, trailing 8-2 going into the final frame, rammed four runs across but the rally fell short.

Torrey Watzka started on the hill for Seven-Up but gave way to Harry Secreto. Watzka received credit for the win. Watzka was charged with the loss. Haslan came on in the sixth.

The winners pushed over a single run in the first and the score

remained 1-0 until the fourth when the West Shore prodded two across to take a momentary lead. The Seven-Uppers finally got to Witkowski in the fifth with a bulge of four runs and came back with a cluster of three more in the bottom half of the sixth to take an 8-2 lead.

Four in Seventh
Down but not out the West Shore gave Seven-Up a scare in the seventh when a walk, a pair of singles, one double, a couple of infield force outs and an error resulted in four runs.

At Ashdown, third baseman for the West Shore club, pulled off a couple of fielding gems. He made two sparkling plays at the "hot corner" on drives which were labeled for extra bases. The victory was Seven-Up's first in three starts while the loss was the Shore's fourth in a row.

'Red' Sangi Raps 625 High Triple In Mixed Circuit

As far as Johnny "Red" Sangi is concerned the blazing hot summer nights are okay by him when he's slated to bowl. For the second straight week the popular red-head walloped the pins at the Central Recreation alleys in the Mixed League with devastating results.

Last week Sangi posted a new triple record of 623. Last night John belted that mark by two pins as he pounded out a string of 220-195-210 for 625. Despite his scores the club lost a pair of games to Chez Emile.

Three in First

Three clubs are tied for first place as a result of Wednesday's bracket at the midtown lanes. Haber's Grill moved up from fourth with a string of three wins over Ferraros for a first place tie. Both Schryvers and the Howards dropped double games but remained in the triple tie for top honors.

Dick Howard came in on the heels of Sangi's artistic kegling last night with a 608 triple. Dick also hammered a sizzling 244 in his third game, the team's lone win over Sam's Restaurant.

Other notable efforts in last night's matches found Johnny "Red" Schatzel hammering 224-536, Tony LaRocca 195-554, Evelyn Moore 202-553, Perc Glover 213-547, Johnny Ferraro 199-546, Rose Schatzel 150-520 and Evelyn Francis 178-517.

Last night the Mixed Leaguers welcomed back Mary and Jim Daniels to the Francis squad. They are replacing Ruth Jones and Ralph Mayone.
